

# ENJOY YOUR BREAKFAST @ALVENTUNO

We recommend our guests to have breakfast at a café just a few steps from here. Inside, you'll find a traditional pastry shop with a wide selection of coffee, fresh juices, and much more.

But if you'd like to try something truly local, don't forget to taste the "Pasticciotto Leccese"—a typical delicacy from this area

**...And don't forget to mention that you're our guests  
to benefit from the special discounted menu!**
